Weather permitting, Monday, June 14, 2010, private striping contractor, Action Safety & Supply Company, working for the City of Norman, will be replacing pavement markings along 24th Avenue SW, between Lindsey Street and Boyd Street. A new and more durable multi-polymer epoxy stripe material will be installed for the first time in Norman. Work will be performed from 7:00 pm to 6:00 am. Periodic lane closures will be required during application of the new markings. Road construction signs will be placed as necessary.
